

## IP Camera Accessories

### Solutions for Surveillance Cameras

- IR Illuminator with 10 meters of vision for night surveillance
- Integrated IR LED and CS mount lens for cost-effective application
- Vari-focal lens for easy installation and IR correction

D-Link's SecuriCam IP Camera accessories provide cost-effective solutions for the diversity of application. The DCS-10 IR illuminator and DCS-20 IR lens can be used for both day and night surveillance, and the DCS-25 vari-focal CS lens provides easy installation without the need to change lenses for particular applications. Protect your home and business by maximizing the full potential of D-Link's IP cameras and these beneficial accessories.

#### DCS-10 IR Illuminator

P/N: B2900001210G

The DCS-10 includes a 20 unit IR-LED that provides 10 meters of illumination for night vision surveillance.

##### Supported Devices

- DCS-3410
- DCS-3420

##### Dimensions

50 (Ø) x 60 (D) mm (1.97 x 2.36 inches)

##### Weight

250 g (0.55 lbs)

##### Distance

10 m

##### Water Resistance

IP68

##### Power On

Auto-control under 10 lux

##### Power Consumption

180mA (max.)

#### DCS-20 IR Lens

P/N: B2640002100G

The DCS-20 is a CS mount IR fixed lens for 1/3" and 1/4" sensors.

##### Supported Devices

- DCS-3410
- DCS-3420

##### Dimensions

58.6 (Ø) x 24 (D) mm (2.3 x 0.95 inches)

##### Weight

90 g (0.20 lbs)

##### Distance

10 m

##### Focal Length

F6.0 mm / F2.0

##### Power On

Auto-control under 10 lux

##### Power Consumption

160mA (max.)

#### DCS-25 Vari-Focal Lens

P/N: 9476010426009

The DCS-25 is a CS mount vari-focal auto iris lens for 1/3" and 1/4" sensors with IR correction.

##### Supported Devices

- DCS-3410
- DCS-3420

##### Dimensions

36 (Ø) x 52.3 (D) mm (1.42 x 2.06 inches)

##### Weight

90 g (0.2 lbs)

##### Focal Length

F3.5-8.0 mm / F1.4-360

##### Iris / Focus Control

DC drive  
Manual focus

##### View Angle

95-42 degrees

Release 01 (Jan. 2008)
